Appendix 1 - Team Entry

For the team event, 8 teams should be formed in each category. If there are more than 8 teams, the extra team(s) will be accepted. If there are less than 8 teams, the missing team(s) will be created by using the following guidelines:

If there are not 8 provincial teams entered, provinces that have not entered a team may do so by combining players from another province(s) that also has not entered a team (Priority 1). If there are still not 8 teams, provinces that have entered a Provincial Team (non-combined) may enter a "B" team (Priority 2). If more than one province chooses to enter a "B" Team, the highest rated "B" provincial team will be entered. (Ex. If there are only 6 teams entered, the top 2 highest rated "B" teams will be entered). However, before creating "B" Teams, the provincial combined team(s) have the priority. Players on a "B" team cannot have a higher rating than any player on that province's "A" team. Each province can only have 2 teams; one "A" Team and possibly one "B" Team.

Team Format: All Junior Team events will use the Olympic Team Format (3 players, singles and doubles, best of 5 matches).
